

37 Adwords Secrets – High Traffic Tip

"Magic" Article Search Code

This 'underground' method allows you to find a high-traffic article Google already likes, paste it into your OWN Wordpress site and have Google see the article as 100% UNIQUE (getting YOU the traffic you want)!*

See the **FREE VIDEO** here for step-by-step instructions on how to narrow the results for your exact niche;

Step 1: Copy and paste the following text into your Google search box, to see the most highly-trafficked articles Google loves;

Ezine Articles (copy and paste the next line of text)

[site:ezinearticles.com "Submitted On:* *,2010" "Viewed 1000..100000 times."](#)

Articlesbase Articles (copy and paste the next line of text)

[site:articlesbase.com "views: 1000..100000"](#)

SearchWarp Articles (copy and paste the next line of text)

[site:searchwarp.com "This article has been viewed 1000..100000"](#)

Step 2: After finding the article you want to use, highlight and copy the article text you wish to emulate, and [paste into the Wordpress Unique Plugin HERE](#) to have *Google see your article as unique content, get FREE traffic (while automatically still complying with the article site rules!)
